Big Sofa - Digital Media Company (September 2014-August 2016)
Full time employment with broad responsibility. I worked on multiple AngularJS and Rails applications writing CoffeeScript, Haml and SCSS as well as basic Rails as part of a small agile development team. While managing and traning junior members of the team I also directly managed international clients. I was heavily involved in leading and delivering a project from concept to completion for Unilever. Additionally as a front-end specialist it was my responsibility to generate UI solutions and deliver interface designs to a high standard.

Big Sofa - Contract - Digital Media Company *(June 2014-September 2014)*

A three month contract working with Bootstrap, Haml, SCSS and CoffeeScript to rebuild the front-end of the [Big Sofa](#) web app based on pre-provided designs. I worked between the project technical lead and the junior development team.

Selfridges & Co - Contract - Online Department *(May 2014-June 2014)*

A three week contract placed within [Selfridges'](#) online team. I worked closely with the design team to construct markup for the online store and website. I was also tasked with the templating and testing of responsive marketing emails delivered via SmartFocus.

Yello Studio - Web and Creative Agency *(Jan 2011-September 2013)*

Worked as a key member of the [studio](#) supporting both the technical and creative directors while also handling agency clients. I worked independently and collaboratively on larger projects providing UI solutions as well as attending client meetings, managing clients and delivering training. My role covered bespoke design, front-end development and back-end development, CMS integration, email marketing and analytics.

Freelance Work *(2008-2014)*

Work for various personal clients. Full service website design, build and maintenance. I have also worked on printed media design, branding and identity. Please visit my [online portfolio](#).
