## Experience **Toaster - Contract - Digital Agency** (August 2018-Current)

As part of a small team we rebuilt the public facing side of **Google Retail**. The content was delivered from Kintaro and templates were compiled from Jinja, SCSS and ES6 to build a static site. I helped build components using the Google frameworks Glue and Hurcules.

## **BusinessThreeZero - Contract - Consultancy** (March 2017-July 2018)

An extended contract working across multiple Angular2 and Ionic applications writing Sass and Typescript as part of a close knit in-house digital team. Our team solved advanced technical issues which arose from a modular multi-tenant platform. Additional responsibilities included training of other developers, streamlining our development processes and build pipelines, and improving intrabusiness relations between the the development team and the **consultancy team**. I was also heavily involved in generating product ideas and concepts as well as regularly providing an interface between the project manager and UI designers.

**Clubhouse Studios - Contract - Creative Agency** *(September 2016-November 2016)*

Worked to finalise the 'My Account' portal of [Byron Burger's](#) website writing Handlebars, SCSS and jQuery. Completed a fully bespoke [Tumblr theme](#) fed via the rather basic tumblr API for Stella McCartney written in ES6 and SASS. Also assisted the development of a microsite for Stella McCartney writing VueJS to deliver an interactive questionnaire and facebook API integration to extract photos from user's tagged photos and uploaded albums.

**Big Sofa - Digital Media Company** *(September 2014-August 2016)*

Full time employment with broad responsibility. I worked on multiple AngularJS and Rails applications writing CoffeeScript, Haml and SCSS as well as basic Rails as part of a small agile development team. While managing and training junior members of the team I also directly managed international clients. I was heavily involved in leading and delivering a project from concept to completion for CMI Unilever. Additionally as a front-end specialist it was my responsibility to generate UI solutions and deliver interface designs to a high standard.

**Big Sofa - Contract - Digital Media Company** *(June 2014-September 2014)*

A three month contract working with Bootstrap, Haml, SCSS and CoffeeScript to rebuild the front-end of the [Big Sofa](#) web app based on pre-provided designs. I worked between the project technical lead and the junior development team.

**Selfridges & Co - Contract - Online Department** *(May 2014-June 2014)*

A three week contract placed within [Selfridges'](#) online team. I worked closely with the design team to construct markup for the online store and website. I was also tasked with the templating and testing of responsive marketing emails delivered via SmartFocus.

**Yello Studio - Web and Creative Agency** *(Jan 2011-September 2013)*

Worked as a key member of the [studio](#) supporting both the technical and creative directors while also handling agency clients. I worked independently and collaboratively on larger projects providing UI solutions as well as attending client meetings, managing clients and delivering training. My role covered bespoke design, front-end development and back-end development, CMS integration, email marketing and analytics.

**Interests** **Codebar** *(2015-2017)*

I coached at [codebar](#) on a weekly basis to help people improve their programming skills. This often involved instruction as well as mentoring students with personal projects.

**Director of South London Touch Rugby Club** *(2015-Current)*

I manage and run a social [touch rugby club](#) which meets every Saturday to play mixed touch.

**Everest Base Camp** *(2013)*

I completed a two week return trek to Mount Everest Base Camp in Nepal. While summiting Kalapathar we reached our highest altitude of 5643m.

**Rugby Union and Rugby League Teams, Half Marathons, Tough Mudder, Snowboarding.**
